SUMMARY

Full Stack Developer with 1.5+ years shipping production software for healthcare, revenue cycle management, analytics, and business products. Builds with React, Next.js, Node.js, and NestJS, including HIPAA-aligned clinical platforms and ABHA (ABDM) integrations. Founded MistriKaam and took it to a top 10 Google ranking for custom furniture in Ahmedabad.

EXPERIENCE

MERN Stack Developer — Aug 2025 – Present

IRVX Softwork Labs · An Indus River Ventures Company

US healthcare technology company. Clinical software, revenue cycle, and analytics.

- Built HIPAA-aligned frontend modules for Sleeplyfe, a sleep monitoring and clinical reporting platform continued after its move from Shridaay Technolabs.
- Developed the Practice Analysis Dashboard (React, NestJS, PostgreSQL) for revenue and operations analytics.
- Shipped AR denial workflows for a revenue-cycle platform, and frontend modules for an electronic signature product.
- Independently launched the company website, irvxsoftlabs.com, with Next.js.
- Integrated Stedi, Twilio, DocuSign, and RingCentral, with Docker, CI/CD, and Celery task caching.

Jr. MERN Stack Developer — Mar 2025 – Aug 2025

Shridaay Technolabs

Healthcare, CRM, ERP, eCommerce, and digital signature products for domestic and international clients.

- Joined the initial Sleeplyfe team and built React and Next.js modules for clinical workflows.
- Built DNA Log APIs in Node.js and Express with ABHA (ABDM) integration, authentication, and MongoDB.
- Delivered modules for CanvasHunt (CRM), Wallfy (eCommerce), Signisure (e-sign), and Parth Offset (ERP/CRM).

MERN Stack Developer (Intern) — Internship

Maven Profcon Services LLP

Regulatory technology platform for compliance and workflow automation.

- Built React, Node.js, Express, and MongoDB modules that automated compliance workflows.

PROJECTS

Founder and Full Stack Developer — 2025 – Present

MistriKaam · Furniture and interior solutions

Family business platform, owned from planning through deployment, SEO, and maintenance.

- Designed, built, and deployed the product on Next.js, MongoDB, and Tailwind CSS: inquiries, bookings, admin dashboard, and analytics, hosted on Vercel.
- Owned technical SEO (Search Console, sitemap, structured data) and reached top 10 Google rankings for custom furniture queries in Ahmedabad.
